Please make sure the cleanup up plan honors the hard work that goes on in the Portland Harbor.

If this EPA plans goes forward with a big price tag, our small companies that work on the river will never be able to afford the bills you will send them. We're asking that you please consider what the impacts on the environment but also on employers and taxpayers.

I would guess that you'll get a ton of comments. I just hope that you remember that the river here is important for our recreation but that it also supports our jobs and helps put food on our tables.

Sincerely,
